PROFILE

I am currently a master's student in Computer Science at Boston University and will graduate in January 2023. I am looking for a job in SDE afterwards.

EDUCATION

BACHELOR IN MATHEMATICS
Wuhan University
2017 - 2021

MASTER IN COMPUTER SCIENCE
Boston University
2021 - 2023

SOFTWARE DEVELOPMENT
Institute Studies
2021 - 2023

SKILLS

- Html
- Css
- Javascript
- React
- C
- Java
- Python
- Matlab

EXPERIENCE

LINUX CAMP
From 2019 to 2020 | Institute of Automation, Chinese Academy of Sciences, Beijing, China

Got training on the operation of the Linux system, practiced basic shell scripting, and trained on operating file systems in Linux.

CHAT ROBOT
From 2019 to 2021 | Research Project

Created a chat robot that could be connected to Wechat (a popular instant message chat app in China) and made the weather and stock inquiry possible.

SOFTWARE DEVELOPMENT
From 2021 to 2022 | Term project on Software Development

Used Django REST framework as the basement of the back-end part.
